

## 28 SPORT

### Methodological notes

Data on participation and rankings of Czech sport representatives in the Olympic Games are taken over from the website of the Czech Olympic Committee. The Ministry of Education, Youth, and Sports provides data on subsidies from the state budget and resource materials for data on medals won by Czech representatives at world championships and European championships up to (and including) 2018. Data from a yearbook of the Czech Union of Sport and data of sport unions and associations associated in the Czech Union of Sport are the source of information about medals won from 2019 onwards. Data on the number of members of the Czech Union of Sport and of associated sport unions and associations are provided by the Czech Union of Sport. Only sports included in the list of summer and winter Olympic sports are monitored. Snowboard(ing) is included in the category of skiing. The category of juniors includes athletes aged 18–23 years and juniors (youth) participating in world championships and European championships of juniors.

### Notes on Tables

#### Table 28-6 Individuals doing selected sports as members of the Czech Union of Sport

The table shows the number of members of the Czech Union of Sport, who are doing given sports activities in an organized way, i.e. they are members of respective sports clubs. The membership includes athletes, coaches, judges (umpires), as well as officials. The data were obtained from the registry of membership of the Czech Union of Sport as at 31 December of the given year.

#### Table 28-7 Individuals participating in activities of sport unions and associations in selected sports – members of sport unions and associations

The table shows the number of members of sport unions and associations, i.e. athletes, judges (umpires), coaches, and officials, who actively participate in activities of the unions and associations; most of all, they are active participants of contests announced by the unions and associations.

Sports have been selected according to the size of their membership in the Czech Union of Sport and in sport unions and associations in 2021.

#### Table 28-8 Allocation of state budget finances to support sport activities

Provided data on the allocation of state budget finances in the area of sport are obtained from the Ministry of Education, Youth, and Sports and from the National Sports Agency.
