## Trend of prices of construction works and constructions in 2013

In 2013, **at a rate of growth on average**, prices of **construction works and constructions** decreased by 0.2% (-0.2% in 2012). The biggest value of price indices for one-digit TSKPstat was in 'Trunk line and supply line' (+0.0%). The lowest prices were in 'Earthworks', 'Foundations and rock reinforcement', 'Horizontal structures' and 'Surface working, floors and installation of infills' (-0.4%).

Price indices of **constructions** by the classification CC in 2013, **at a rate of growth on average**, were ranging between 99.7 and 99.9 in 'Buildings' and were ranging between 99.5 and 99.9 in 'Civil engineering works'.

In 2013, **compared to the previous year on average from the beginning of the year**, price index of **construction works and constructions** was 98.9%. One-digit TSKPstat price indices were ranging between 98.2 in 'Earthworks' or 'Surface working, floors and installation of infills' and 100.3 in 'Trunk line and supply line'.

Four-digit CC price indices of **constructions, compared to the previous year on average from the beginning of the year**, were ranging between 98.1 in 'Dams' or 'Harbours and navigable canals' and 99.3 in 'Long-distance railways' or 'Public entertainment buildings'. In two-digit CC price indices were the most decreasing 'Other civil engineering works' by -1.5%. There was not growth in two-digit CC price indices.

In long-term point of view, **compared to the average of 2005 on average from the beginning of the year**, price index of **construction works and constructions** decreased by the value on 110.5 (111.7 in 2012). One-digit CC price indices decreased the value on 110.0 in 'Buildings' and decreased the value on 111,2 in 'Civil engineering works'.

In long-term point of view, **compared to the average of 2005 on average from the beginning of the year**, index of **construction costs of construction output** decreased the value on 118.6; index of **material inputs of construction output** increased the value on 110.1.

Published data was calculated from the 11 292 processed survey sample forms from 'Ceny Stav 1-04' sent by 694 respondents in average for every calendar quarter of 2013.
