

26. POPULATION AND HOUSING CENSUS

*The Chapter contains selected data from final results of the Population and Housing Census, which was carried out pursuant to the Act No. 296/2009 Sb., on the territory of the entire Czech Republic as at 26 March 2011. Data were surveyed according to the state as at the decisive moment, which was the midnight from Friday 25 March to Saturday 26 March 2011. The Census **applied to every natural person** who had on the decisive moment permanent residence or permitted temporary residence on the territory of the Czech Republic, **each house**, even unoccupied, and **each dwelling**, even unoccupied. The house was understood as a building containing premises determined for housing or accommodation. A dwelling was defined as a set of rooms (or one room), which was determined for housing by a planning and building control authority.*

*Final results are (pursuant to the Regulation (EC) of the European Parliament and of the Council on population and housing censuses) processed and published according to **the place of usual residence**. They are published on the website: www.scitani.cz and also in special publications.*
