***Registered voters** – the number of persons registered in the electoral rolls (lists of persons who meet statutory conditions for execution of their active right to vote). The **number of issued official envelopes** is equal to the number of voters who came to vote and were given an official envelope in the polling station to put their ballot paper in. The **number of returned official envelopes** is the number of official envelopes cast by the voting voters to ballot boxes. A **turnout** is calculated as the share of the number of voting voters (persons who were issued an official envelope in a polling station) in registered voters (persons included in electoral rolls). The **number of candidates** is the number of candidates that can be voted for (except for the removed, those who have withdrawn, or those, who were deprived of their right to be elected). Names of election parties, which are too long, may be shortened in the tables. Data on the percentage of valid votes are not rounded off and are provided to two decimal places.*
